Encampment update:

Individual has left the location.

There was an encampment at that location this morning when Brian drove into work, but they just checked again and the transient has packed up and left.

Aaron

Not a problem.

I'll have the clean team go over and check it out now.

And on the safe team check out the encampment situation when they get in.

Aaron

Hey Aaron,

Can you have BID security let me know if there is an encampment off of McCormick.

Additionally, the constituent is complaining that the adjacent alleys are full of trash and debris. Can you have the clean team head over there to take care whatever they might see in those alleys?

Thanks a million!!

Ms. Schneider,

Thanks for your response. I will give your office a call. I was just about to drop the issue when I walked outside this morning and saw the attached picture. This woman will tell anyone who tells her anything that she "will cut you." This is in front of the apartment building next door. That is a school in the back of the picture and there's another school right across the street.

I think that just more police patrol would help. Thanks again.

Regards,

St [REDACTED]

Hello Mr. Ba [REDACTED]

Thank you so much for writing in to Councilman Krekorian's office with your concerns. My name is Angelina Schneider, and I am the field deputy for the area.

I would love to get a little more information about the issues that you are having, and how it can be addressed. Please let me know if there is a phone number that you can be reached at, and if there is a good time to chat about this. If you prefer, you can also give me a call at our offices from 9am to 5pm to discuss. The number here is [818-755-7676](tel:818-755-7676).

I look forward to finding a resolution to these very concerning issues.

Best,

**Angelina Schneider | Field Deputy, Mid-Town North Hollywood/
NoHo Arts District**

Dear Mr. Krekorian,

I am writing regarding continuing problems in our neighborhood on behalf of some of us. I live on McCormick Street between Tujunga and Bakman. It is one block area. We have two schools, St. Paul's across the street, a church and another school at the end of the block on Bakman which I believe is LAUSD.

I have lived here for almost four years and have seen the area deteriorate. I am sure you're aware of the homeless problem, particularly centered in North Hollywood Park. I empathize and sympathize with their condition but it is a matter of public safety.

The incident that incited this letter is that I just walked outside and there was a woman squatting across the street, right by the school, going to the bathroom in someone's front yard! This is a regular occurrence around here. There is an alley behind our building where they constantly go to the bathroom and take drugs. Last week we literally found a pile of about 20 hypodermic needles lying in the church doorway in the alley. They have installed cameras but the homeless don't care. I personally caught one guy peeing right under the camera and told him to smile! He was on camera. He didn't care. I saw another the other day walking down Bakman *right in front of the school* peeing on the fence as he was walking!

We have car break-ins besides the health hazards. It is getting ridiculously out of hand! They use this street as a route between the subway and the park or wherever else they go. The police used to sit here at the corner to control the traffic where they *constantly* speed and run the stop signs on Bakman in front of the school but they haven't been doing that lately.

Most of these people are also mentally ill and it is dangerous. Please do something.

Thank you from the us.
